

**DOUBLE  
TROUBLE!**

DOUBLE PARKING MAKES  
CROSSING ROADS DANGEROUS  
FOR US AND OUR FAMILIES.  
GIVE US AND OTHER DRIVERS  
A CLEAR VIEW.

## Responsible Parking Report Card: **Double parking puts children at risk**

- ★ As a driver, you have a responsibility to park in a safe and considerate manner. If you don't, you could be endangering a child's life.
- ★ Perhaps you can re-think your journey to school; try walking, cycling or scooting – even if it's just one day a week, it can make a big difference!
- ★ If you need to drive your child to school, for their health and wellbeing, consider park & stride or car sharing.

**Please park with care and help make the area near and around the school a safer place for pupils. Find out more at: [www.responsibleparking.co.uk](http://www.responsibleparking.co.uk)**
